

ANNOUNCING A SUPER VINTAGE ELECTRONICS SALE!!

Saturday, SEPTEMBER 12th, 9 A.M. – 5 p.m.

Campbell, CA - 1 block from Pruneyard (call or email for address)

A wonderful and eclectic collection of vintage electronics has just become available and is being offered to collectors like you!

There will be a major sale of all items in Campbell, CA, in the San Jose area, on September 12th 2009, or you are welcome to visit earlier to get a chance to buy items sooner. Highlights include:

- A wide variety of vacuum tubes, specializing in imaging tubes, photo tubes, (single stage photo cells and medium to large photomultipliers), nixie tubes, cathode ray tubes from less than one inch to larger than five inches, some transmitter and specialized tubes.
- A large number of video cameras, camera control units and supporting equipment ranging from antique to the 1980s. Brands include: Sony, JVC, Panasonic, Sharp, RCA, Visual Electronics, a group of Ikegami 730s and 735s, and many others. Lots of complete cameras plus camera heads and spare parts units. The savvy collector will note the many camera interconnect cables that are normally missing from camera kits.
- Video processing and distribution equipment, including a working Grass Valley Group 110 switcher!
- A serious assortment of light bulbs ranging from subminiature to large specialized bulbs. Some xenon flash tubes as well.
- Vintage televisions like a Philco Safari with an extra chassis and an Emerson Model 609 console.
- A complete and operational Ampex VPR-2 one inch broadcast video recorder in a convenient roll around rack.
- A never-used RCA TK-29B telecine television camera and system, including a TK-7B slide carousel, a TP-66 16mm projector and a TP-55 optical multiplexer with accessories and technical drawings.
- 16mm films and TV shows, cartoons, Bob Newhart show, WWII military films, and topics like "The Cathode Ray Oscilloscope."
