

45rpm Phono Gazette

Tom Cawley's 45 record carrying case collection is awesome!

Best way to preserve those 45s is to keep them in a carrying case

Tom Cawley hosted our Winter get-together and we were all in for quite a surprise when we were greeted with his colorful 45 carrying case collection. Another surprise was his redo of the Crescent Wedge model F637. The cabinet was in such poor condition he decided to remove all the vinyl covering and make his own creation. The chrome edges you see were made from scratch. No cabinet is beyond hope when Tom is involved. He does amazing repairs to bakelite, vinyl coverings and wooden cabinets.

Sharing this cool email I received last month.

Hi Phil,

Just, together with Nipper, to wish you a Happy New Year 2020 !

Just got this Nipper shadow laser cut into an old HMV vinyl record by a French artist as a Xmas present from my son-in-law, and thought I should share it with my fellow RCA enthusiasts !

Cheers,

Hugh

AM/FM

This radio was on its way to the dump. Electrically all it needed was filter caps. Cabinet was stripped and redone. I didn't bother with the black strip. It looks and plays like new now. Another one saved.

Great sounding AM/FM Radio

Even Jack Webb had a 45 player in his fancy custom HiFi system
